National Central University College of Science Regulations for Selecting Faculty Representatives to the NCU Affairs Meeting

Approved by the College Affairs Committee on October 3, 2023

1. These Regulations were stipulated in accordance with the Regulations for NCU Affairs Meeting.
2. The selection of the College's faculty representatives for the NCU Affairs Meeting shall be based on the quotas allocated by NCU for each academic year, with the deduction of representatives whose terms do not expire in the current year. The remaining positions shall be allocated according to the following principles:
 - (1) Each department and graduate institute (including the Interdisciplinary Program of Science) must have at least one representative per academic year.
 - (2) If vacancies persist after the distribution outlined in sub-paragraph (1), the remaining positions shall be allocated based on the total number of full-time (project) faculty in each department/graduate institute (precedence given to larger faculties).
 - (3) Each department/graduate institute shall nominate its own representatives to fulfill the allocated quota.
 - (4) If it is impossible to satisfy the principle of proportional distribution based on faculty size as outlined in sub-paragraphs (1) and (2) simultaneously, the Dean shall convene the heads of all departments/graduate institutes to discuss and agree upon the distribution method.
3. Faculty representatives serve for a term of two years. Elections (nominations) shall be conducted annually for half of the representatives. Representatives may be re-elected for consecutive terms. If a representative retires, goes on leave, or is unable to fulfill their duties for any reason during their term, another representative may be nominated by their departments/graduate institute.
4. Matters not covered in these Regulations shall be handled in accordance with the Regulations for NCU Affairs Meetings.
5. These Regulations were approved by the College Affairs Meeting and shall be implemented accordingly. Amendments shall follow the same procedure.
